Janakabi Marga-15, Kathmandu Metropolitan City 
Pipaltar-7, Bhimsenthapa Rural Municipality, Gorkha 
977-9841701284  
25-07-1970 

As a political leader under the Rastriya Swatantra Party (RSP), I have been actively engaged in building a strong and inclusive network with communities across the country, fostering trust, dialogue, and participatory leadership. Through continuous interaction with citizens, civil society, entrepreneurs, and youth groups, I have worked to strengthen grassroots connectivity and promote accountable political engagement.

As a member of the Central Research and Documentation Division of the RSP, I have been working to strengthen ward committee and connecting them for alignment community development activities with RSP targets in 2087 (election manifesto, 2082). My membership in the Rastriya Swatantra Party is both principled and permanent, reflecting my long-term commitment to institutional reform, ethical leadership, and service to the people and the country.

Political Values

- **Integrity-Based Politics:** Zero tolerance toward corruption, political violence, and misuse of public resources.
- **Accountability to Citizens:** Strong belief in transparency, public reporting, and citizen oversight.
- **Evidence-Based Governance:** Promotion of data-driven planning, monitoring, and performance evaluation.
- **Democratic Values:** Active participant in the People's Movements for Restoration of Democracy (2047 & 2063).
- **Institutional Reform:** Long-term commitment to strengthening democratic institutions rather than personality-driven politics.

Development Agenda and Policy Priorities

Agriculture-Led Prosperity: focus on agriculture-based enterprises involving cooperatives/private sector/youth lead enterprises, promoting inclusive value chain approach, investment for export etc.

Energy and Transformative Infrastructure: energy hub, clean energy, transmission line for export energy, international airport for fueling (hydrogen energy) etc.

Sustainable Tourism and Local Economy: integrated tourism with local agriculture, culture and enterprises ensuring environmental sustainability and rural income.

Good Governance and Public Sector Reform: introduce result-based governance system and performance-based management

Over 25 years of national and international experience in rural development, with strong leadership in Results Management, including Monitoring and Evaluation, knowledge management, results tracking, and data visualization. Extensive experience in result management, result-based planning, resource mobilization, private sector engagement, and business plan and proposal appraisal. A highly committed professional with a proven ability to lead projects, agencies, and organizations to successfully achieve their intended objectives and results. Has visited more than 60 districts of Nepal,

from the Tarai to the mountainous regions, gaining first-hand insights into enterprises and institutional operations. Has also provided technical expertise across South Asian and Southeast Asian countries. Seeking political opportunities that contribute to the prosperity of people and the nation. Holds a Master's Degree in Business Administration (1996) from Tribhuvan University, Nepal, with a specialization in Finance (Capital Structure and Asset Management).

EXPERTISE AREA

Project/Program Management: project development, implementation, results management, evaluation, etc.); Knowledge Management; Good Governance; Community Mobilization; Leadership Development; Fund Raising; Strategic Planning; Business Plan Development; Financial Analysis; Value Chain Development etc.
